March 2024

Hello,

The Intermountain Foundation is proud to announce the **2024 Holiday Quilt Show and Auction** **benefitting the Grant Scott Bonham Fetal Center at Primary Children's Hospital**. The show will take place Thursday, November 14 through Saturday, November 16, 2024, followed by a dinner and auction that same evening.

As a leader in the community, we invite you to partner with us as a **2024 Holiday Quilt Show and Auction sponsor** in support of this year's fundraising cause, a new ultrasound machine for the **Grant Scott Bonham Fetal Center at Primary Children's Hospital**. Your sponsorship is deeply appreciated and will go to support the most highly specialized fetal care center in Utah and the Intermountain West, featuring:

- Maternal-fetal medicine specialists for the pregnant mother
- Neonatologists who are specially trained to care for newborns, and
- Pediatric specialists for all the baby's needs before and after delivery

Sponsorship benefits are detailed in the packet enclosed. **Each sponsorship is an opportunity for you to help a mother and baby in need, and to inspire others to do the same.** Sponsors truly have a meaningful impact on our community's health and well-being and receive positive media attention from the association with our Intermountain Foundation, a not-for-profit 501(c)(3).

The public can view the quilts on display at the Little America Hotel Mezzanine during the days prior to the auction. The handmade quilts will be auctioned at a formal dinner on Saturday, November 16 at the Little America Hotel Grand Ballroom.

SPONSORSHIP OPPORTUNITIES

Join Us for the Holiday Quilt Show and Auction

Intermountain Foundation and the Holiday Quilt Show and Auction Board invite you to join us as a sponsor of the 2024 Holiday Quilt Show and Auction. Board members are pleased to announce that proceeds from this year's event will again support the Grant Scott Bonham Fetal Center in the purchase of a new ultrasound machine, one funding priority of Intermountain Primary Children's Hospital.

Detecting and repairing birth defects in utero — that is the aspiration of the new Fetal Center. A collaboration between Intermountain and the University of Utah, the Center is the Intermountain West's only facility capable of such interventions. Funds raised will help support the Center's skilled medical team and add state-of-the-art equipment and technology.
